SAGE WOLLONGONG ENVIRONMENTAL & SUSTAINABILITY STATEMENT

Sage Hotel Wollongong aspire to be a hospitality leader that demonstrates how responsible hotel management can be a positive force for the local community and environment. Our aim is to positively benefit our local community through providing high quality services, economic growth, community involvement and employment, whilst minimising our environmental impact.

Sage Wollongong has an obligation to mitigate our business impact on the natural environment. It is our policy to comply fully with all applicable international, federal, state and local environmental laws, ordinances and regulations. We strive to operate our hotels with optimal efficiency and are committed to a better and more sustainable future.

We strive to diminish our impact on the natural environment by:

- Minimising our total waste output
- Minimising our energy usage
- Minimise our water usage
- Maximise usage of reusable and recyclable materials
- Limiting noise pollution
- Limiting and controlling our energy usage

We aim to achieve these goals through:

- Our Purchasing Policy and selection of Suppliers and Products
- Facilities Management
- Continuously communicating, monitoring, measuring and assessing our performance against relevant policies, objectives and targets
- Ensuring recycling of glass, cardboard & other recyclable materials
- Providing training on environmental targets to all employees
- Installing timers and movement detectors to reduce energy wastage
- Encouraging our guests to re-use amenities such as towels and linen
- Offering healthy, high-quality food sourced from locally grown products

All employees and contractors on Sage Hotel Wollongong's premises are expected to minimise their environmental impact and report any environmental, health or safety concerns to Sage Hotel Management. By our example, we hope to inspire personal action in the Illawarra and beyond.
